EXECUTIVE SUMMARY

WEST VIRGINIA DEPARTMENT OF EDUCATION

Policy Number and Title: *WVBE Policy 5202: Minimum Requirements for the Licensure of Professional/Paraprofessional Personnel and Advanced Salary Classifications.*

Background: *West Virginia Board of Education Policy 5202 establishes the requirements regarding licensure of educators to work in the public schools of West Virginia is critical to the success of all students in the 21st century. As changes occur in education, certification and licensure policy must be revised to meet the needs of this 21st century education system. As continuous revision occurs, WVBE Policy 5202 reflects many of these changes.*

Proposals: It is recommended that WVBE Policy 5202 be amended by:

- **§126.136-4. Definitions.** Clarified language that states that an individual enrolled in an in-state or out-of-state institution teacher preparation program must have a Clinical Experience Permit and clarified the exceptions to individuals currently possessing a license that do not need to possess a Clinical Experience Permit. Minor code reference changes were corrected for erroneous references, the word Temporary Professional or Student Support Certificate was changed to reflect the change to a Provisional Professional Teaching or Student Support Certificate. Definition of a Provisional Professional Teaching Certificate was amended to reflect changes being made for eligibility for a Professional Teaching Certificate. Finally, the definition of Statement of Eligibility was changed to include that the certificate cannot be expired for more than five years.
- **§126.136-5. Categories of Licenses.** Removed the Temporary Teaching Certificate Category as it is now being called a Provisional Teaching or Student Support Certificate. The Temporary Career and Technical Education Certificate includes language that the individual must have been offered employment to for the certificate to be issued. The Adult License and the Adult Permit category was changed to reflect the permits would be required only when instructing adults in endorsements listed in the West Virginia Career and Technical Education Endorsement and Testing Manual on the WVDE website. The definition of the Authorization category was changed to reflect that it would be issued if the specialization does not exist on the Professional or Career and Technical Education Certificate. A definition was added for the Provisional Professional or Teaching or Student Support Certificate
- **§126-136-10. Licenses for Professional Educators.** Added and clarified the eligibility requirements for an individual to hold a Provisional Professional Teaching Certificate, removed language that allowed individuals applying for licensure from an out-of-state institution to receive a Temporary Teaching Certificate if they have not completed the required PRAXIS Exams. Language was added for the allowance of a score of 1240 on the new SAT Combined Evidence-Based Reading and Writing and Math effective May 2016 so that the applicant meeting this requirement would not need to take the Pre-Professional Test (CASE). In addition, there was language clarified about requirements for an individual to receive a permanent teaching certificate without a Master's Degree

and the coursework required. An exception was added to allow a school nurse with an expired student support certificate to receive a one-year authorization upon offer of employment and verification from the employing agency to meet the requirement to renew their School Nurse Student Support Certificate. Language was also added to add requirements to convert from a Provisional Professional Certificate to an Initial Professional Certificate. Language was clarified about receiving the recommendation of the employing county superintendent or completion of a recommendation from the most recent education supervisor if it does not exceed one year. Included language that allows an individual who meets all other eligibility requirements for a permanent administrator license to use the minimum age of 60 as one of the criteria can receive a Permanent Administrative Certificate. Added an Exception to issue an Initial License to Speech Language Pathologists who have met licensure requirements through another state's issuing agency or licensure, Policy was added to allow Speech Language Pathologists without a license issued from the educator's license to practice in a public school setting, Language was added and clarified about the process to convert a Statement of Eligibility to an Initial Provisional Professional Teaching Certificate. Career and Technical Education Certificates were clarified that to receive the Temporary Teaching Certificate, an applicant must have been offered employment. Career and Technical Education renewal of the certificate must hold a minimum of a Master's Degree and a minimum of a salary classification (professional or vocational) of a Master's +30. Also, language was added that Industry Recognized Credentials should always be valid, not allowed to expire.

- **§126-136-11. Permits Issued to Professional Educators.** Clarified several areas of language in the Career and Technical Education Permits that were repetitive and unnecessary. A requirement was added for Speech Language Pathologists who are ASHA certified, but did not complete the traditional route to certification to be issued an Initial Student Support Certificate. An exception was added for requirements for a School Nurse and Substitute Permits allowing them to complete training specifically related to School Nurse. Requirements were added for an individual to receive an endorsement in Elementary Education on a Long-Term Substitute Permit. A requirement was added for the renewal of the Adult Permit endorsements for Career and Technical Education. The Initial Temporary Authorization from Options Pathways was removed and it is now being moved to an Advanced Credential. Language was also added for clarification of the authorization and renewal of Child Nutrition Director Requirements and validity. Language was clarified so that a county superintendent does not sign for a collaborative employee and the collaborative director does not sign for the county superintendent.
- **§126-136-12. Early Childhood Classroom Assistant Teacher Authorization and Paraprofessional Certification.** Language was added that part of the coursework for an ECCAT Assistant Teacher II Permanent Authorization must submit verification of completion of semester hours for the Apprenticeship for Child Development Specialists and an official certificate issued by the United States Department of Labor. Clarification was made that the signatory on the application has to be directly related to the employment of the applicant so that a county superintendent does not sign for a collaborative employee or vice versa. Language was added that allows aides employed in other capacities to obtain certification as an ECCAT. Language was clarified regarding

constitutes WVDE approved coursework for authorizations, and we removed the one year experience criteria to allow aides in other capacities to qualify for permanent ECCAT status.

- **§126-136-15. Alternate Routes to Certification.** Clarified language of converting an Alternative Teaching Certificate to an Initial Provisional Professional Teaching Certificate.
- **§126-136-16. Out-of-State Applicants.** Added an exception for Speech Language Pathologists who are licensed in a state where that State Department of Education no longer issues a license so that they may be licensed in West Virginia due to a critical need.
- **§126-136-18. Appropriate Assignments According to Licensure.** Clarified language for assignment of a Speech Language Pathologist to Pre-K-Adult as we do not offer a Birth-Adult endorsement. The assignment of School Nutrition Director does not have a permanent authorization. Added language that an individual holding the School Nurse Long-Term Sub Permit cannot substitute in any other area unless the criteria from 11.7.c.1 were satisfied.
- **§126-136-20. Athletic and Limited Football Trainer.**
Added Occupational Therapists as a credential that can be used to obtain a Limited Football Trainer Authorization as per WVBE Policy 5112.
- **§126-136-21. Additional Endorsement(s) for Existing License.** Removed the exception of Agricultural Education on a Career and Technical Education certificates as it pertained to a Professional Teaching Certificate.
- **§126-136-22. Salary Classifications for Educators.** Deleted unnecessary, ambiguous information.
- **§126-136-23. Fee Reimbursements and Salary Supplements.** Removed the reimbursement for moving expenses as the Code section for the allowance has expired. In addition, language was added and clarified requirements and reimbursements for the national Board for Professional Teaching Standards.
- **§126-136-24. Advanced Credentials.**
Added language to make the Option Pathways endorsement an advanced credential. Language was also added to reflect an Advanced Credential for Pet Grooming.
- **Appendix A.**
Made changes to General Math Endorsement and Math Comprehensive Endorsement label and grade endorsement.

Impact: *These revisions to Policy 5202 assure appropriate certification of educators for licensure to work in the public schools of West Virginia in order to meet the needs of all students in the 21st century, as part of the cycle of continuous improvement. The flexibility afforded to districts in attracting and retaining highly effective educators is evidenced in policy revision.*

Code §18A-3-1(i) and §18A-3-2a). A county may employ an applicant for a professional educator's certificate in good faith on the anticipation that he or she is eligible for a certificate. If it is later determined that the applicant was not eligible, the State Superintendent may authorize payment by the county board of education to the teacher for time not exceeding three school months or the date of notification of his or her ineligibility, whichever occurs first. (Refer to W. Va. Code §18A-3-2.)

6.2.b. In order for any conduct of a teacher involving

intemperance; cruelty; immorality; or using fraudulent, unapproved or insufficient credit to obtain the certificates to constitute grounds for the permanent revocation, revocation, or suspension of the certificates of the teacher, there must be a rational nexus between the conduct of the teacher and the performance of his or her job. The State Superintendent may designate the WVCPTS or members thereof to conduct hearings on permanent revocations, suspensions, or certificate denials and make recommendations for action by the State Superintendent. (Refer to W. Va. Code §18A-3-6.) A suspension of the license is a revocation of the same for a fixed period of time.

If, during the period of suspension, the requirements for the teacher's certification have changed, the teacher must satisfy those requirements before reinstatement. The WVDE shall conduct an investigation to determine whether the teacher has satisfied all requirements for reinstatement and demonstrated a record of rehabilitation, i.e., presently possessing the integrity, moral character and competence to resume teaching. If the WVDE determines that all reinstatement requirements including rehabilitation have been met, the State Superintendent may reinstate a teacher's certificate without a hearing. If the WVDE determines that a question exists as to a teacher's fulfillment of all requirements and therefore a hearing is necessary, it shall submit a written report to the Professional Practice Panel of the WVCPTS. The Professional Practice Panel shall conduct a hearing and make a recommendation to the State Superintendent whether the teacher's certificate should be reinstated. If there is a recommendation for reinstatement, the Professional Practice Panel may also recommend that conditions or restrictions be placed upon the reinstated certificate.

6.2.e. A teacher whose certificate has been permanently revoked may not apply for reinstatement or apply for any other endorsement, authorization or permit issued by the State Superintendent.

6.2.e.1. Any teacher whose certificate was designated as "permanently revoked" by the State Superintendent prior to August 11, 2014, the effective date of the amendments pertaining to reinstatement in W. Va. §126CSR4, WVBE Policy 1340, Rules of Procedure for Administrative Hearings and Appeals, (hereinafter Policy 1340), shall also not be eligible to apply for reinstatement.

6.2.f. Reinstatement Procedure Following Revocation of Licenses. -- Except in the case of a permanent revocation, a teacher whose certificate has been revoked may apply for reinstatement after the expiration of five years from the effective date of revocation. If, during the period of revocation, the requirements for the teacher's certification changed, the teacher must satisfy those requirements before reinstatement. The application for reinstatement shall be considered an application for initial license under W. Va. Code §18A-3-10, and the applicant must therefore be fingerprinted for a criminal background check. The WVDE shall conduct an investigation to determine whether the teacher has satisfied any requirements for reinstatement imposed by the State Superintendent and demonstrated a record of rehabilitation, i.e., presently possessing the integrity, moral character, and competence to resume teaching. At the conclusion of its investigation, the WVDE shall submit a written report to the Professional Practice Panel of the WVCPTS, which shall conduct a hearing and make a recommendation to the State Superintendent whether the teacher's certificate should be reinstated and, if so, whether

conditions or restrictions should be placed upon the reinstated certificate. In determining rehabilitation, the Professional Practice Panel shall consider the seriousness of the conduct that caused the revocation.

6.2.g. Hearings and Appeals. -- An individual whose application for licensure or licensure renewal has been recommended for permanent denial for cause or denial for cause may request an appeal before the Licensure Appeal Panel of the WVCPTS in accordance with Policy 1340. ~~Rules of Procedure for Administrative Hearings and Appeals, hereinafter Policy 1340.~~ A hearing before the Professional Practice Panel of the WVCPTS is provided to an individual when the WVDE initiates a license revocation proceeding in accordance with Policy 1340.
